

You want to learn Deutsch?

Well, you've come to the right place!

We offer classes for all skill levels. Whether you want to travel to Europe or need to get to a certain proficiency level for work or university, you'll be in good hands here, as we have very qualified teachers and a curriculum that's easy to follow.

GTHS has been an official Goethe Institut cooperation partner since November 2017. Our classes are based on curriculum that aligns with the Goethe Institut. Classes prepare students, who are interested, for the Goethe exam. We offer Goethe tests four times a year, where you can get certified for levels A1-C1.

Those interested in just learning more vocabulary and some grammar so they can hang with their German friends, impress a coworker or wanting to order a meal in a German speaking country are equally going to feel right at home.

If you have some knowledge of German, you can take the proficiency test here and see what your skill level is: <https://www.hueber.de/reihe/momente/lernen>

If you would like to test your skill levels with different tests, please see the links at the bottom of this document.

After chapter 24 of each level, you should be able to take the Goethe test, if you so desire.

After completing the beginner classes of A1-A2, you will feel more confident to take one of our conversational or literature classes.

Beginners:

German A1: This class is divided into three semesters. To complete the A1 level proficiency and be able to take the Goethe test, if that is what you're after, you will have to take the A1.1, A1.2 and A1.3 class. One semester each — three semesters total.

The books/online material required for all A1 classes can be found on [Hueber.de](https://www.hueber.de) and are called **MOMENTE**:

Class requirements for A1:

- No prior German knowledge needed
- You can take this proficiency test to see where you stand.
